### *Note*

All persons who attend the sale do so at their own risk. Neither the owners, the sale manager nor any other person associated with the sale assume liability, legal or otherwise, for accidents or loss of property.

### *Sale Terms & Conditions*

Registered cattle sell under the Suggested Terms and Condition of their respective breed associations. All animals will sell to the highest bidder and become the responsibility of the buyer as soon as "sold". Any dispute with regard to bidding will be settled by the auctioneers, and this decision will be final. Terms of the sale are cash or good check, payable during or immediately following the sale and before cattle will be released. Animals will be accompanied by valid health papers for immediate interstate transfer. Bred females will be examined by a licensed veterinarian prior to sale day. Females sold as "safe in calf" are guaranteed bred to the bull, or bulls, listed in the sale catalog. No guarantee is given that the females will deliver a live calf. Any animal that appears to be a non-breeder within six months after the sale date, if in healthy condition and of breeding age may be returned to seller at buyer's expense. Seller will then reserve the right to prove the animal a breeder within a six-month period and if successful will return the bred female to buyer at buyer's expense. Should the animal fail to prove a breeder, the seller at his option may either return purchase price to the buyer or replace the animal with the animal with another of equal value. No guarantee is given with the respect to embryo transfer or the ability to freeze semen. Announcements made from the auction block will take precedence over statements in the catalog or other printed material.

SIRE Time Out • DAM Hereford • Consigned by Fesmire Show Cattle  
AI to Hollywood on 11/10/10 • PE to Gatlin Gun 11/15/10 to 1/15/11

This has been a really good cow for us. I would like to say she has been a really good steer momma, but unfortunately she has had all heifers. We have kept them all back in our herd. Maybe your luck will change, and she will start having steers, because she is a tremendous looking Time Out daughter.

Consigned by JE Ranch Foundation  
AI to Heat Wave 5 on 1/5/11 • PE to JE Pick 702T 1/17/11 through 3/21/11

A daughter of Meyer 734 that is in the prime of her life. This female is moderate, correct, and loaded with eye appeal. She could easily pay for herself with the Heat Wave calf she is carrying, and she has many productive years ahead of her. Ultrasounded safe in calf to Heat Wave 5.

LOT **81** JE MS MEYER 702T Black/White Polled

DOB: 8/29/07 • BW: 79 • SIRE Meyer 734 • DAM Irish Whiskey/Angus  
Consigned by JE Ranch Foundation • AI to GCC Total Recall on 1/5/11  
PE to JE Ali 701T (Ali X 6807) 1/17/11 through 3/21/11

Her pedigree alone makes her a hard one to part with. This painted up female is extra cool and backed by some of the absolute legends in the industry. She is likely carrying a Total Recall heifer calf according to the ultrasound. If you follow the GCC program, you know what the Total Recall/Irish Whiskey combination can do. Do not miss a rare opportunity with this one. Ultrasounded safe in calf to GCC Total Recall.

This has been an awesome cow. She has produced several high sellers for us. She has been a super cow and has worked on multiple sires, from Okie Dokie to Dabus. We have only flushed this cow one time, and she produced 19 #1 embryos. Get this calf inside her on the ground, and put her in your donor pen. You won't be sorry!
